MUHAMMAD FAIZ

Computer science student

I'm Muhammad Faiz Bin Nasiruddin one of Unisel Student finished my study in diploma computer science student want to apply job to the company that qualified for me. I know about the basic of programming such as if statement, looping, switch statement, case statement and others. I only good in HTML and CSS only. I am still not perfect in SQL and Javascript but i can learn. I like to designing in web development, thats why im so addicted to HTML and CSS.
